

Questions – RFI&Q from Cannabis and Cannabis-Adjacent Research & Development Facilities IMD No. 20-001

November 6, 2019

- 1) Are you interested in partnering on an application for this round or future rounds for a Dispensary License?

Answer: Depending on the responses received, the IMD may be interested.

- 2) Are you interested in partnering on an application for this round or future rounds for a Cultivation License?

Answer: Depending on the responses received, the IMD may be interested.

- 3) Will grant money be available as part of the partnership?

Answer: Unknown at this time, as the availability of, and eligibility for, grant funds cannot be determined before the nature/structure and scope of the partnership are determined.

- 4) What are the costs associated with a potential partnership?

Answer: Unknown at this time, as the nature/structure and scope of any partnership have not been determined.

- 5) If there are future procurements or projects that result from the RFI&Q, under what contracting vehicle would the work be procured? Can the Medical District provide a copy of the standard contract terms anticipated to be used for services procured?

Answer: The contracting vehicle would be determined by the nature/structure and scope of the relationship. The IMD does not have a standard form of agreement for professional services.
